Upon arrival, the rest of the day is yours to explore as you wish. This mountaineering paradise will have you breaking out of your comfort zones in no time. Try not let your attention wander as you move further and further into the wild lands of Etosha. Play some eye-spy with your travel buddies and go crazy with those cameras because we can't wait to see what you experience!

The coolest thing about this national park is that, because of its size and the large amount of animals within, it's almost as if the wildlife comes directly to you; especially during the dry season (May through October) when the animals all gather around the waterholes creating some of the densest wildlife viewing opportunities in the world.

As night falls on the group gather around the campfire, sing with the locals, and simply unwind with a sundowner as you count the stars (cheers!)

Day 20 Victoria Falls

Morning fellow adventurers! Get close and personal with one of the largest waterfalls in the world on this free day in Victoria Falls. Feel the strength of the water splashing your skin on the observation deck, take in the sound of tons of water thundering over the edge of the falls in the distance and make your day as relaxing or hair-raising as you like.

For the adventurous we recommend going whitewater rafting, taking a scenic helicopter flight over the falls. Either way the choice is yours!

Victoria Falls is a great base to see both natural wonders and take part in some exciting activities. Get up close (and wet from the spray) while awing at the immense Victoria Falls, raft the whitewater of the mighty Zambezi, and for the more adventurous, bungee jump with the Victoria Falls in view.

Changing to specialized 4x4 7-seater safari vehicles, we are met by experienced safari driver/guides, who will ensure us wonderful wildlife encounters. Our safari vehicles each have sliding windows and a large pop-up roof, perfect for wildlife viewing. They are smaller than the Lando and will allow us to maneuver easily through the wildlife areas. Grab your buddies and jump aboard for one last morning safari in the Serengeti. As the sun rises higher in the sky watch the animal kingdom come to life in this grassland savannah before returning to break down camp. Then it's on to the Ngorongoro Conservation Area, famous for Africa's best wildlife viewing.

Experience epic views from the crater rim and watch as animals meander around below drinking water from the permanent supply on the crater floor. You'll be setting up camp in the late afternoon at a site near the crater rim and then you can spend the rest of the day enjoying one of the most beautiful wildlife havens on the planet.

Please note: if you have pre-booked the Serengeti Balloon Safari, today's likely the day for this activity! Your CEO will give you final confirmation when it will take place, as it is subject to change. You will miss the included morning wildlife safari drive with the group, but you will have a much better view from above! If you have not yet pre-booked, add it to your checkout page, or ask your GCO or travel agent for assistance.

Please note that due to the high-altitude location of our camp, temperatures can drop at night. We recommend bringing extra layers to wear during the evening and following morning.

Serengeti National Park Safari

Serengeti National Park

This is the reason you came to Africa. Charge your camera, grab your binoculars, and set out on safari. Your eagle-eyed driver will keep an eye out for wildlife – buffaloes, elephants, lions, wildebeests, zebras, and more. Tanzania's Serengeti tends to be less crowded than some of Kenya's reserves, so enjoy the scenery, the vast expanse of the grasslands, the play of light and shadow, and the up-close look at wild Africa.

It's time to experience "Africa's Garden of Eden" on a more personal level. Today, venture down to the crater floor where the group will embark on a final safari experience. Have those cameras charged and at the ready because, let's face it if you are going to see any wildlife this would be the place (and we are so excited for you)!

The animals are bound to this area by the crater walls and the enclosed nature of the crater means that its own ecosystem has been created think; rich grasslands, swamps, acacia forests, and Lake Makat; so get ready to see some magic.

With full camera rolls the group will exit the crater in the late morning and travel back to Arusha. Swap stories along the way, pick those favourite photos from earlier, or simply sit back and let yourself enjoy the passing scenery as you cruise along.

It's winding shores encircle 29 islands and its surrounded by steep terraced hillsides that will have you wondering if you are somewhere in Asia. But the best part is that Lake Bunyonyi is a croc and hippo free lake (unlike many lakes in East Africa) so you can swim in its calm waters as much as you like... such bliss!

Day 48 Gorilla Trek

Today's the day that some of your dreams may just come true because you are going on a guided mountain gorilla trek in Bwindi Impenetrable National Park (so insanely cool!) So get ready to embark on an unforgettable hike deep into the jungle through volcano forests alongside a park ranger to search for mountain gorillas. The treks can vary in length and difficulty so be prepared for a challenge, but know that if you spot these majestic creatures (we share 98% of our DNA with them) it will all be worth it.

Note: Ugandan authorities are fiercely protective of this natural treasure, and currently permit only a maximum of eight people, per day, to visit a given gorilla family. The group will be split into different sub-groups for the trek, and depending on the number of travellers, different sub-groups may do their trek on different days.

Depending on the date of our permits, it's possible that the gorilla trek will take place on the second full day in Lake Bunyonyi.

Bwindi Impenetrable National Park has four areas; Rushaga, Buhoma, Nkuringo, Ruhija. Depending on permit availability your group could be tracking gorillas from different areas of the park, it is all still part of Bwindi.

Mountain Gorilla Trek

Bwindi Impenetrable National Park 1h-6h

Take an unforgettable guided trek (1-6 hrs) deep into volcano forests of Bwindi Impenetrable National Park for a wildlife encounter of a lifetime, and meet a family of mountain gorillas. One of Africa's major highlights, a close encounter with these amazing animals is simply breathtaking.

Get prepared before heading out: bring plenty of water and waterproof clothing (it can rain on only a few minutes' notice), and be sure to bring protective bags for cameras and film. Dress in layers with long sleeves and long pants to protect against stinging nettles found in the forests. The trek's often chilly, at first, until you start trekking.

Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. Itinerary Notes

Want less travel time and more Zanzibar? Consider booking our 'Zanzibar Express' upgrade which includes a flight and an extra night in Zanzibar.

Important Notes

1. Please note that this trip is a combination of multiple G Adventures tours. As such, the staff and/or particular vehicles operating your tour may change between tour segments. You may also expect some group members to join or leave the tour in Windhoek, Victoria Falls, Zanzibar, Nairobi and Kampala.

2. For most parts it is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe customized safari truck for the long drives. However, visitors to Uganda should be in excellent physical condition, without any heart problems and prepared to spend strenuous days in humid rain forests, steep terrain and high altitude trekking for chimpanzee and gorillas, as well as other primates. As it is very dark in the jungle; only high speed film (ISO 400 or higher) will give good results. Those preferring to remain at base camp in Bwindi may do so, however, there is no price reduction

3. YELLOW FEVER

According to the WHO and CDC, there is no risk of yellow fever in Botswana. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to Botswana from a Yellow Fever endemic country, or have recently travelled to a Yellow Fever endemic country (with entry stamps in your passport), including the following countries (but not limited to): Angola, Benin, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Congo, Democratic Republic of the Congo, Republic of the Cote d'Ivoire (Ivory Coast) Equatorial Guinea, Ethiopia, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, Sudan, Tanzania, Togo, Uganda, Argentina, Bolivia, Brazil, Colombia, Ecuador, French Guiana, Guyana, Panama, Paraguay, Peru, Suriname, Trinidad and Tobago, Venezuela.

****We advise all travelers to Botswana who are coming from one of the above countries, or who have visited them in the last 10 years, to be prepared with a Yellow Fever vaccination certificate or letter from your doctor with proof of vaccination. Yellow Fever inoculations need to be administered at least 10 days prior to your entry into the country. Border officials in Botswana have been strictly enforcing these requirements. Travelers without the correct documentation run the risk of being denied entry, and will not be able to continue with the tour. (Any additional travel expenses will be on your own account.) ****

4. RAMADAN

According to the lunar cycle, Ramadan will fall between Mar 22nd - Apr. 20th 2023, and Mar. 10th - Apr. 8th 2024. Please note that Ramadan is a month of fasting observed by Muslims throughout the world, during which time the followers of Islam should not eat or drink between sunrise and sunset. There may be some limitations to services and disruptions to schedules during Ramadan, but generally our tours still operate effectively during this period and food is available to non-Muslims throughout the day. It is very important to display increased cultural sensitivity during Ramadan. Please wear loose fitting clothes, that cover knees and shoulders, and try to avoid eating, drinking or smoking in public out of respect for those who can't at that time.

5. An essential part of your safari is participation. The group is usually divided into small groups and given different tasks which change on a day to day basis, from kitchen duty group (helping in prepare meals and clean up afterwards), the packing group (sets up all tables and chairs outside) and the cleaning group (which cleans the truck by emptying the rubbish bin and brooming). It is all part of your adventure and when everyone puts in a little effort the trip will run smoothly. Your CEOs will do all the meal preparation, but we do ask the clients to help with the washing up. Team spirit is part of the fun! All camping equipment (with the exception of your sleeping bag and pillow) is supplied. We supply dome tents and assembly/disassembly takes only 5 minutes. All tents have built-in insect nets. Mattresses are also available, which are approximately 4cm thick, warm and comfortable.

6. Sleeping bags cannot be rented on any of our Africa overland or safari trips

7. G Adventures can never guarantee the sighting of wildlife, especially when it comes to mountain gorillas. However, the mountain gorilla trek is organized to ensure success. Before heading into the jungle, our local guides receive coordinates from trackers on the whereabouts of the gorillas, and the trackers stay with the gorillas until the group arrives.

Please note that if you are unwell with anything contagious, even a common cold, you may be denied any of the treks to ensure the safety of the gorillas and chimps. This is a national park regulation, and trekking permits will not be refunded if you are denied entrance due to illness.

8. Water-wise tips when visiting Cape Town:

Cape Town is currently experiencing one of the worst droughts it has seen in over 100 years, and while we want you to have the best time possible while there, here are some tips to help reduce your water usage:

- Bring a reusable water bottle, that you can fill with Cape Town's tasty tap water.
- Reuse your towels in the hotel, for at least two days, before getting new ones.

Group Leader Description

On this journey, you will be accompanied on your trip by 2 crew members - a Chief Experience Officer (CEO) and a driver. (Nairobi to Nairobi); or you will be accompanied by two Chief Experience Officers (Cape Town to Nairobi).

The Chief Experience Officer (CEO) will be the group manager and leader. He/she organizes the trip, and will be there to assist you when needed. He/she will take care of the small things so you can concentrate on enjoying your adventure. All of our CEOs in southern and East Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Your leader will be from either southern or East Africa depending on which part of the tour you are on. He/she will be joining you in the back of the truck for a maximum of approximately 50% during driving, to answer questions and provide more information about the areas that you visit. Your CEO will spend the remainder of the driving time in front with the driver to enable them to make bookings, do planning and to fulfil other organizational requirements of the tour. During wildlife safari drives, your CEO will ensure to accompany you in the passenger area of the truck. This is of course because they have a lot of knowledge to share with you during these exciting wildlife safari drives. Please do not hesitate to ask your CEO any questions.

All of our overland adventure vehicle (OAV) drivers are experienced in the routes travelled, and highly skilled in dealing with different terrains. All of our cooks will organize and lead the meal preparation, and have experience in cooking a variety of local and international dishes for large groups.

In Uganda, during the actual gorilla trek we use an experienced and certified local mountain guide, expert gorilla trackers, and armed guards to accompany you for your safety.

In the Serengeti and Ngorongoro Crater to round out the team, along with your CEO, you will be accompanied by a local safari crew consisting of an expert driver/guide and camp cook. Your driver/guide is skilled and experienced driver and a certified safari guide, and is an integral part of the team. As well, your cook will prepare the camp meals to add some further local flavour to the trip.

We also use local guides for some included activities where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Group Size Notes

Max 22, avg 18.

Meals Included

50 breakfasts, 44 lunches, 37 dinners

Meals

As mentioned above, most of the meals on this tour are included in the tour price. When a meal is not included, this is because there are often many options available - we would like to give you the opportunity to explore a bit and test the local cuisine yourself. In these cases, your CEO will be able to suggest some good local restaurants or options for you to choose from.

All included meals will be prepared from fresh local produce. The majority of the shopping for foodstuffs will be done before the trip departs, and fresh goods, such as meats, fruits, vegetables, and dairy products, will be bought en route during the trip from supermarkets, local shops and markets. Breakfasts will generally consist of breads and cereals, if time allows a warm breakfast may be prepared. Many lunches will be provided en-route and will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes.

Your CEOs will do all the meal preparation and lead the way here, but will prepare a duty schedule for ensuring a fair, rotating participation from you and your group members in the meal preparation and dish washing duties.

Vegetarian meals and other dietary requirements need to be specified prior to arrival. Please note all bottled drinking water while on safari will be at your own expense.

Transport

Lando (overland adventure vehicle), mokoro, 4x4 safari vehicles, minibuses, ferry, walking.

About our Transportation

This trip is done a combination of vehicles - our custom built 24 seat overland adventure vehicle (OAV) named the Lando, and in private 6-7 seat safari vehicles in the Serengeti and Ngorongoro Crater. Both styles of vehicles have their advantages - the overland adventure vehicle (OAV) allows the entire group, including your CEO, to travel together, and because of its height, is great for wildlife viewing and for enjoying the scenic landscape.

Smaller safari vehicles will be used when the group is in the Serengeti and Ngorongoro Crater. With sliding windows and a large pop-up roofs, an open 360-degree view of area, great for wildlife viewing. If there is a large group, 2-3 vehicles will be used, and the group will be split up. This style of travel is by no means luxurious, but the seats are comfortable and having our own private vehicles allow us the flexibility of making stops when needed, and to stay and watch that crouching lion prepare for an attack.

Road conditions can run the full gamut from new to being in very poor condition. This style of travel is by no means luxury, but it does allow us the flexibility of making stops when needed, and reaching some out-of-the way parts of Africa where the traditional safari crowd would not dare to go.

Here's a quick look at the unique features of the well-equipped G Adventures overland adventure vehicle (OAV):

- Storage for your main luggage is accessible from inside the vehicle
- Day packs can be stored at your feet or on the luggage shelf above
- Onboard safety box for valuables
- Front viewing windows and large sliding windows, both great for wildlife viewing
- Reclining seats
- Fully equipped mobile kitchen
- Access to a 250L tank of drinking water
- Air-conditioning
- Charging station, when available in camp (South African plug - 220-240V)
- USB charging ports for every traveller at their seat

Please note that our Landos do not have on-board bathrooms.

In addition to the overland adventure vehicle (OAV), in Uganda for the gorilla trek, we split the group into smaller vans in order to arrive in a more timely manner to the trail heads of the park.

For the transfers between Nairobi, Arusha & Dar es Salaam, you will travel in a mini buses with seating for 22-24 passengers.

We use a modern ferry to cross between Dar and Zanzibar. On Zanzibar, we travel using minibuses.

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

Participation camping (39 nts), simple hotels (5 nts, single or twin-share), permanent tented camp (3 nts), hostels (3 nts, multi-share with 3-4 people), full-service camping (2 nts), basic bush camping (2 nts).

Rooming and "My Own Room" Exceptions

Please note that if you have booked the "My Own Room" option for this tour, you will receive your own single accommodation for all night stops, with the following exceptions: Day 1, 7-8, 16, 42-43

About Accommodation

Camping in Africa is truly an adventure. You will be able to get off the beaten track to get a first-hand experience of the beautiful wilderness and nature. While camping, we stay at designated campsites in national parks and outside towns. Campsite facilities in southern Africa are generally good, but can be basic in certain places. There are generally small restaurants and/or bars, flush toilets, showers (generally outdoors, some with simple reed enclosures), washing facilities and telephones available. Additionally, warm water is available at most sites, but it is not guaranteed to always be warm when you take your shower; the warm water may be used up by others who also use the camp. We usually set-up camp within close proximity to the toilet facilities, though occasionally to reach them you may have to walk a short distance.

They are good quality, durable, industry-standard 2-person safari canvas tents. Please note that most adults will not be able to fully stand up inside the tents, though most travelers find these more than adequate, as they have a base area of approximately 4 square meters. These tents are regularly treated with a waterproofing agent, but under certain rainy conditions, the tent fabric may become saturated to the point where seepage or leakage may occur. All tents have built-in mesh insect netting on the windows and doors.

We travel with our own portable camp chairs with a comfortable back-rest, and we utilize our own cooking equipment to provide the group good quality camp meals.

Wild or Bush Camping

Your camping experience in the Okavango Delta (2 nights) is fondly called "bush camping", as we camp wild on remote islands, away from civilization and its comforts, and completely surrounded by nature – an unbelievable experience some in fact feel is the highlight of the trip. Wild/bush camps have no facilities - these will be the most basic two nights of our trip, as there is no running water, no showers, nor toilets facilities - we will take our own water and all equipment. Wild camping can be very enjoyable, however please remember that we leave no trace of our stay and take all rubbish away with us. Toilets will be of the "dig and bury" variety, and we will provide "bucket in a tree" style showers (with canvas screen for privacy). Wild camping is the ultimate African bush experience as we camp right in among the wildlife, so there is a possibility of elephant and other wildlife coming very close to camp. Your safari guides will have your safety as a priority, so please ensure that you obey all their bush camping instructions.

Guesthouse/Lodge/Bungalows

2 nights in in Swakopmund, we stay in backpacker's (hostels) or small guest houses, which will give us a break from camping and to be better located than the campgrounds in the area. Here, the accommodation is based on several people sharing dormitory-style rooms, with possibly 6 to 8 people sharing a room. Although we will try, we cannot guarantee to be able to divide the group into different dormitories based on gender lines. As such, males and females may have to share the same sleeping quarters for these nights. The bathrooms and showers are private, but may also be shared between both males and females.

3 nights on Zanzibar Island we will stay in bungalows. Basic rooms, twin and multi sharing rooms with shared ablutions.

In camping within the national parks and conservation areas, some camp sites are enclosed for keeping the resident wildlife out. Other camps are open to the natural environment – care must be taken, especially at night, when a torch/flashlight is recommended when walking around the camp area.

The campsite in Serengeti National Park is extremely basic, with no electricity, simple bathing facilities (no showers), and squat toilets. While camping at the Ngorongoro Crater rim, there is very limited electricity, occasionally warm showers, and both seated and squat flushing toilets.

Despite the challenge that a few days "roughing it" may pose to some, the experience of being that close to nature, camping under the African stars, and seeing incredible wildlife at your tent door-step is not just gratifying but ultimately an experience of a lifetime. Seeing incredible wildlife at your tent door-step is not just gratifying but ultimately an experience of a lifetime.

In Zanzibar, we stay in standard, twin-share accommodation in Stone Town and on the beach. Please note that our Zanzibar Beach Resort location is subject to change due to availability.

Please note that due to the high demand for accommodation in the parks, sometimes we will arrange alternative accommodation outside of the park.

Please be note that where we use multi-share accommodations, rooming requests of any kind cannot be taken. For private accommodation please see tours in our Classic Travel Style.

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

Cape Town International Airport is about 22 km from downtown. There are a variety of ways to get into the city. To take a taxi, leave the international terminal, cross the first road and you will see the taxi stand. Official taxis have the kilometer rate on the door. If you wish to take a shuttle to the city center, when arriving at the international terminal, turn immediately left and walk straight ahead and you'll see the shuttle services desk. Cost is approximately 80zar.

If you have a pre-arranged transfer, upon walking out of the international arrivals look for a transfer person holding a G Adventures sign and your name. Ask him/her what hotel he/she will take you to (do not volunteer this information). Then present your passport for proof of identity.

Please note that day 1 is an arrival day and no activities have been planned on this day.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your CEO. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your CEO and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your CEO will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

The tour departs Cape Town on Day 2 in the morning.

Arrival Complications

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your CEO. If you are unable to get in touch with your leader, please refer to our emergency contact details.

If you have pre-booked an airport transfer: After you have picked up your luggage and entered the arrival hall, you should see a G Adventures representative holding a G sign. If you do not see anyone, we ask that you please make your way to the information desk, which is located on the same level. If you have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Emergency Contact

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. There is no included accommodation for this night in Nairobi. You may choose to pre-reserve post-tour accommodation at through G Adventures.

What to Take

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labeled and restricted to one soft compact suitcase, or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable.

For our camping style tours you will need to provide your own sleeping bag, small pillow and sleeping sheet (if you would like). We provide the tent and the sleeping pads.

On this trip you may experience all four seasons. We suggest you take something warm eg tracksuit, fleece or pullover for the mountainous areas i.e. Bwindi or Virungas. It is at a higher altitude and will therefore be cooler in the evenings - a jersey, anorak/wind jacket and tracksuit pants would be suggested.

It will also be necessary to take some wet weather gear as it does rain in the mountainous areas of Uganda and Rwanda on a regular basis. We suggest lightweight rain gear for the walk to see the gorillas.

While gorilla trekking you will need a comfortable, hard wearing, pair of walking shoes or boots. Conditions are generally very muddy/slippery. There are uphill sections which may be quite steep and strenuous. It is also advisable to wear a long sleeve cotton shirt and lightweight long pants to protect yourself from the undergrowth, stinging nettles and biting ants. (Tracksuit pants often get caught on bushes, thorns, etc and jeans can get very heavy when wet). Gloves are also highly recommended - just cheap gardening gloves will do. Tuck your long pants into your socks/boots to avoid biting insects. Also take a water bottle, and a day pack for camera gear and to carry your jacket if it's too warm.

Your clothes will in all likelihood get very muddy and may not recover to their original state - therefore take old clothing for the gorilla trekking. Hard wearing clothes, no bright colours, no army camouflage clothing should be worn. Greens, khaki and similar neutral clothes are recommended.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The currency in South Africa is the South African Rand (ZAR). The South African rand is also an accepted form of payment in Namibia.

The Namibian currency is the Namibian Dollar (NAD), which is equivalent in value (in Namibia only) to the South African Rand. NAD is not accepted as payment in other countries.

In Botswana, payments at supermarkets, post offices etc are to be with Pula (BWP) but activities and drinks at campsites can be paid for in USD.

The official currency of Zimbabwe is the US Dollar and South African Rand.

The official currency of Zambia is the Zambian Kwacha, denoted by ZMK. NO payments in USD are allowed in Zambia anymore.

Malawi uses the Kwacha (MWK) and Tanzania and Kenya use the Shilling, denoted by TZS and KES.

USD is widely accepted in Malawi, Tanzania and Kenya but some supermarkets might only accept local currencies.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. it is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your

cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)
Supply Crew (Serengeti): \$2-5 USD (per day)

Local guides: \$2-3 USD (per day)
Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Okavango Delta polers: 50-100 BWP (Botswana Pula)

Gorilla trekking guides: \$2-4 (per day)

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2023)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

Trip Specific Safety

Travelers must exercise common sense and caution at all times. Tourists should stick to set travel arrangements and avoid unknown areas. Always keep a photocopy of your passport, airline tickets and a record of your travelers' checks and credit card numbers separate from where you keep the originals. The route we follow is relatively safe and your guide knows the countries intimately and will endeavor to show you the best parts while looking after you. In the cities keep a careful eye on your belongings. In the wild areas, your guide will brief you on the necessary precautions, follow this advice and you will be fine. Be aware, but not paranoid, and you will have a great trip. We also recommend that you wear minimal jewellery and that you keep valuable items safely stored.

NAIROBI and Dar es Salaam and Lusaka

...aren't classed as safe cities. Some precautions you should take are:

- *Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit at the hotel reception. This is free of charge to G Adventures clients.

- *Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc.

- *Please don't wander through the city to unknown areas especially at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception. Also, take the address of the hotel with you.

- *People are generally friendly, but don't let people take advantage of you, especially the sales people!

- * Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are con men and will ask you for money.

- * People on the street who ask you if you want a safari and have a brochure are often con men, best to avoid these folk. Besides, you're already on safari. Zanzibar can be unsafe to single female travellers.

Please always have a male companion with when walking in Stone Town.

ARUSHA and Lilongwe:

many of the above precautions should be taken in these cities, however these towns generally have a more relaxed and friendly vibe, there are many beggars, street sellers and safari touts. These are best avoided by a polite but firm NO THANK YOU!

ZANZIBAR

Remember that Zanzibar is overwhelmingly Muslim. Women who do not dress modestly, or men in shorts, are likely to cause offense to locals and are likely to attract unwanted attention. In coastal areas, both male and female prostitution is widespread. Single female travellers in particular should be wary of 'beach boys'. These male prostitutes often employ aggressive methods of socializing with female tourists with their end goal being to solicit sex, money or other benefits. The prevalence of HIV is extremely high in this region, and we urge all travellers to exercise extreme caution. Our suggestion is to dress moderately, and drink moderately. At all times be aware of your surroundings, and your actions, and to exercise caution.

PHOTOGRAPHY:

Please do not take photo's of Police stations or at Cross borders Airports, army barracks and personnel or any Government building. It is against the law and will result in the minimum of your film and camera being confiscated.

Please note that the use of drones in national parks in Southern Africa is prohibited.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. G Adventures can provide you with the appropriate coverage. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
