## **Itinerary Disclaimer**

---

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

## **Important Notes**

---

### **1. LUGGAGE**

As we use (sometimes crowded) local transport please note backpacks are much more suitable than suitcases for this style of trip. Train travel means that bags have to be stowed either overhead or under beds, so travelling as light as possible is recommended.

### **2. COMBO TRIP**

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

3. Peak season notice: Golden Week falls between October 1st and 7th, 2019/2020/2021. Please note that Golden Week is a semi-annual 7-day or 8-day national holiday for the people of China. This is a very busy time of the year for domestic tourists, so expect some crowding at major attractions. We recommend booking these dates well in advance as accommodations and transportation availability is extremely limited.

## Group Leader Description

---

All of our G Adventures group trips are accompanied by a G Adventures Chief Experience Officer (CEO) in China. The aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting – we think it's the best of both worlds.

## Group Size Notes

---

Max 16, avg 12.

## Meals Included

---

4 breakfasts, 1 lunch

## Meals

---

Eating is a big part of travelling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally, meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where what and with whom to eat. It also gives you more budgeting flexibility, though generally, food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. Vegetarians will be able to find a range of different foods, although in some areas the choice may be limited. Should breakfast not be included, your CEO can suggest some local options. For all trips please refer to the meals included and budget information for included meals and meal budgets.

## Transport

## Arrival Complications

---

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, please refer to the emergency contact details provided in this dossier and contact us as soon as possible. If you have a pre-booked transfer, and you have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

## What to Take

---

What you need to bring depends on the trip you have chosen and the countries or regions you are planning to visit. We suggest that you pack as lightly as possible as you are expected to carry your own luggage. As a rule we try not to have to walk more than 15-20 minutes with your bags which is why we recommend keeping the weight of your bags between 10-15kg/22-30lb. Suitcases are not recommended for G Adventures trips! Most travellers carry a backpack or rolling bag of small to medium size (no XXL ones please!) as they need to fit under the beds when travelling on sleeper trains. You will also need a day pack/bag to carry water, cameras and other electronics like ipods and mobile phones.

Do not bring any knives or swords into China (gifts or otherwise). If they do make it into the country, they will not be permitted on trains. If you purchase a knife or sword while travelling elsewhere before arriving in China your best option is to post/mail it home before entering the country as no post/mail companies in China will accept it as a parcel.

## Visas and Entry Requirements

---

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date

as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

**\*\* Please be advised that if you have recently travelled to Turkey, or you are a Turkish citizen, it is possible that your Chinese visa will not be approved. Please contact your local embassy for further information. \*\***

Please note that visas are the responsibility of the individual traveller. The visa requirements for your trip vary depending on where you are from and where you are going. We keep the following information up to date as much as possible, but rules do change. It is important that you check for yourself with the embassy of each country. Your travel agent can assist. Please, keep in mind that all countries require passports valid for at least 6 months from the moment of departure from the country.

**CHINA:** all nationalities require a visa to visit China

Most nationalities also need an official Letter Of Invitation (LOI) before they can apply for their Chinese visa.

You can obtain the LOI through our visa support agent in China. The visa support link you need to complete will be sent to you or your travel agent by email when you confirm your booking. You must read the instructions carefully and fill out all the details.

Please ensure that you list the same details as appear on your LOI when filling out your Chinese Visa Application form.

**HOW TO FILL IN CHINA LOI FORM ONLINE:**

As Chinese visas are dated specifically for entry and exit, please ensure you enter the correct dates as per your flights entering and exiting China. Please remember to put exactly the same dates when you fill out the application at the Chinese embassy. You will need to provide additional documentation to the consulate (i.e. flights tickets, hotel reservations) if these dates fall outside the duration of the tour.

Please do not submit the below application until 3 months prior to your entry into China. The details will be forwarded to our local agent in China and you will be emailed your Chinese Invitation Letter (With day by day Itinerary) only once we are within 60 days of the trip start date.

Once you have received your LOI you can apply for your visa by going to the nearest Chinese embassy. Please, remember that it is your responsibility to check whether passport details, name spelling and dates on the LOI are correct.

As of April 3rd, 2018, all Chinese visa application forms must be typed. Handwritten forms will no longer be accepted.

Following the successful implementation of their 144 hour visa free program for the Shanghai district, The Ministry of Public Security of China have announced the extension of the 144 hour visa free program for provinces of Beijing, Tianjin and Hebei. As of the 29th of December 2017, over 50 foreign nationals can now enter or exit via one of the following ports:

- Beijing Capital International Airport
- Railway West Railway Station
- Tianjin Binhai International Airport
- Tianjin International Cruise Homeport, or
- Shijiazhuang Zhengding International Airport in Hebei Province and Qinhuangdao Harbor.

**HONG KONG:** all Indian nationalities require a 'pre-arrival registration' to enter Hong Kong

Indian nationals must apply for and successfully complete pre-arrival registration online before they can visit or transit the Hong Kong. Pre-arrival registration is not required for Indian nationals in direct transit by air and not leaving the airport transit area. An Indian national can make use of the online service to apply for pre-arrival registration free of charge if he/she:

- Holds an Indian passport valid for at least six months; and
- Intends to visit or transit (except in direct transit by air and not leaving the airport transit area) in Hong Kong for a stay not exceeding 14 days.

Information accurate as of December, 2018.

## Spending Money

---

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

## Emergency Fund

---

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

## Tipping

---

Traditionally in China tipping is not expected and thus there is no need to tip in restaurants and your general interaction with locals; however, tipping is customary - though not compulsory - in the tourism industry and not only shows an expression of satisfaction it may also be of considerable significance to the people who will take care of you during your travels. There are times during the trip where there is opportunity to tip the local guides or drivers we use. You may do this individually, or your CEO may offer to collect the money and tip as a group.

Recommendations for tipping drivers and local guides would range from 1 to 3 USD per person per day depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group as a whole should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

Also at the end of each trip if you felt your G Adventures CEO did an outstanding job tipping is appreciated. The amount is entirely a personal preference, however as a guideline \$5 USD per person per day can be used.

## Safety and Security

---

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

## A Couple of Rules

---

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

## Travel Insurance

---

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. G Adventures can provide you with the appropriate coverage. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

## Local Dress

---

In Asia the dress standard is more conservative than it is back home. When packing try to pick loose, lightweight, long clothing that will keep you cool in the usually hot and humid climate of Asian summers. In predominately Buddhist, Hindu and Muslim countries we ask that you dress respectfully and avoid very short shorts/skirts and singlets/tanktops when visiting small rural communities or visiting temples or mosques or other holy sites as this may restrict your entry.

## Feedback

---

After your travels, we want to hear from you!
