All of the trees in the forest are naturally occurring and self-propagating. You'll find young trees growing out of rock crevasses. The oldest trees in the forest are estimated to be between 200 and 300 years old. The unusual micro-ecosystem this forest creates also attracts a surprising abundance of wildlife, most notably a large population of rock hyrax, which hikers will almost certainly find (or hear) scurrying among the rocks.

- Bring a reusable water bottle, that you can fill with Cape Town's tasty tap water.

Group Leader Description

On this tour, you will be accompanied by a group Chief Experience Officer (CEO) and an expert driver. The Chief Experience Officer (CEO) will be the group manager and leader. All of our leaders in southern Africa are registered and licensed tourism guides, meaning they've studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region.

As the group manager and leader, the aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places where are travelling, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure. In addition, as an integral part of the team, your driver is skilled and experienced driver who has intimate knowledge of the vehicle and routes travelled.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Meals Included

16 breakfasts, 2 lunches, 5 dinners

Meals

Eating is a big part of travelling. Travelling with G Adventures you experience the vast array of wonderful food that is available in southern Africa. On this tour, we provide only a few meals for you and your group members, so as to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility in your choices. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though - while in the larger centres, your group leader will be able to suggest favourite restaurants during your trip.

Your tour leader prepare the meals included in the Okavango Delta, arranging to purchase the foodstuffs before our bush camping excursion begins. Breakfasts will generally be cereals, if time allows a warm breakfast may be prepared. Lunches will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes.

For the included meals, vegetarian meal requests and other dietary requirements need to be specified prior to arrival.

Transport

Air-conditioned touring vehicle, safari vehicle, walking, mokoro.

About our Transportation

For all of our standard class trips in southern Africa, including this tour, we use a private local bus for the journey. With air conditioning, and sliding windows, this style of transportation is a comfortable way to travel through the region. In addition, even with a full group of 18 travelers, there will be extra space for the benefit of the group. Having our own private vehicle throughout the tour allows us the flexibility of making stops when needed. In addition, we are able to travel to out-of-the-way locations where public transportation does not reach.

Road conditions in South Africa are generally good, though once in Namibia and beyond, the road quality deteriorates. As such, we slow our traveling speed and enjoy some sand and bumps en route – something which is of course part of the adventure of traveling in Africa!

In the Okavango Delta, we leave our bus behind and explore in the area in mokoros – traditional dug-out canoes. The mokoros usually seat 2 people and are handled by ‘polers’ – so named as they move the mokoro forward by using a very long pole pushed into the ground under the water. This is a relaxing and peaceful way to take in the fascinating environment and wonderful scenery of the delta.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Joining Instructions

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

If you have not booked a pre-arranged transfer, you can make your own way to the Shearwater Village by taxi. When arriving at the international terminal, depart the arrival hall and outside you will find taxis to town. It is approximately 20km from the airport and takes about 25 minutes (Cost is about USD30 for a taxi).

If you have paid in advance for an arrival transfer, a G Adventures representative will be at the airport to meet you. If for any reason you are not met at the airport, please call our local support line. If you are unable to make contact for whatever reason, please make your way to the joining point hotel via taxi.

Please note that day 1 is an arrival day and no activities have been planned on this day.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your CEO. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your CEO and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your CEO will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

Arrival Complications

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your trip leader (if you are not on a group tour please refer to the emergency contact details provided in this dossier). If you are unable to get in touch with your leader, please refer to our emergency contact details. If you have pre-booked an airport transfer and have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Emergency Contact

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

AIRPORT TRANSFER

If you have purchased an arrival through G Adventures or if an arrival transfer is included in the cost of your tour, please note that:

Your arrival transfer has been arranged based on flight information provided to us. If you are advised of a flight schedule change or flight cancellation within 48 hours of your scheduled arrival time, please call the emergency contact number to advise of your new arrival flight information. If you do not, we will not be able to rearrange your arrival transfer and you will need to make your own way to the starting hotel at your own expense. What to Take

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase (please avoid a hard-top case), or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable. During the winter months (May to October), the temperatures can get quite cold in Namibia and Botswana. It is wise to bring plenty of layers for cool mornings and evenings. A set of smart casual clothes is also advisable.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

Formally known as South West Africa. The whole territory became German protectorate in 1884, except for the British/Cape Colony enclave of Walvis Bay. After the First World War the territory was administered by South Africa until independence on 21 March 1990. The capital is Windhoek and the second largest town is Walvis Bay, Namibia's only port. Swakopmund is a coastal town with a German influence and revolves mainly around tourism. Namibia's economy relies on diamond mining in the south, cattle farming in the north, fishing along the coast and tourism. Most of the country is desert or semi desert. There is a population of around 1.8 million. This, around 1, 5 people per sq. km is one of the lowest in the world. The official language is English although there are many different cultures including Herero, San, Koikoi, Owambo, Afrikaans and German. Namibia was at one stage a German colony therefore having German-speaking people. About 75% of the locals are Christian and the others have traditional beliefs. Namibia is a land of contrasts. Being largely semi-desert and desert, midsummer temperatures may rise to 40°C, while winter night temperatures can drop to freezing. Along the coast it is cool, with regular morning fogs. Namibia's rain falls in summer, from October to April, and the land averages 300 days of sunshine annually.

Major trading partners: EU, Southern African Customs Union (SACU), Zimbabwe

The first inhabitants of Botswana were the San (Bushmen). They still populate the country, but the Tswana tribe is now more prominent. Other tribes include the Kalanga, Nkukushy, Yei and the Herero. The Herero women still wear the full-length Victorian-style dresses, which were introduced to them by German missionaries in the late 1800's, however it is now a tribal trademark. The British controlled Bechuanaland (as Botswana was then known) from 1885 until the country received their independence on September 30th 1966. Ironically diamonds were discovered in Botswana in 1967! Interesting fact – Botswana's diamonds do very well on the International market as they are classified as "Blood free," meaning they are not used to fund guerrilla warfare. Botswana has the strongest economy and currency in Africa, mostly due to their diamonds and livestock. The European Union put many stipulations on their imported meats and Botswana's tight veterinary checks, aiming at controlling foot and mouth, mean that the EU are happy to buy their meat. Agricultural income will improve when they have combated the problem of widespread drought. They are currently installing irrigation systems around the country to try to feed the most water-deprived areas. Botswana handles its international debt much better than any other African country with the interest being paid with one months export earnings, rather than the six months earnings it takes most other African countries. With the amount of for ex saved up the country could survive with no income for 36 months. Botswana has the world's highest birth rate at 3.5%, and average women have 5 children. The country has a strong currency, the Pula meaning rain and the Thebe meaning raindrop. Government policies and poaching: Their policy on tourism is "high cost and low impact" therefore rather having a few less tourists and charging more money for the privilege of a visit to a park or similar. The country has a very good army, which has an anti poaching unit. Poaching has in the past been a problem in the country but is now almost under control. The army is allowed to shoot to kill without asking questions if you are caught poaching. Rhinos are very few due to poaching and they have breeding programs in place.

Full country name: Republic of Zimbabwe (and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia)
Area: 390,757 km²
Population: 16 111 699
Capital cities: Harare
People: The country is made up of Bantu-speaking ethnic groups, with the majority of the population

comprised of the Shona and Ndebele groups.

Languages: Zimbabwe has three official languages: English, Shona (the Bantu language with the most native speakers), and Ndebele (also a Bantu language). In total Zimbabwe has 16 officially recognized languages.

Religion: The majority of Zimbabweans are Christian.

Major industries: Mineral, gold and agricultural products make up the majority of Zimbabwe's exports.

Currency: The Zimbabwean Dollar

Officially the Republic of Zimbabwe and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia) is a landlocked country located in the southern part of the African continent, between the Zambezi and Limpopo rivers. It is bordered by South Africa to the south, Botswana to the southwest, Zambia to the northwest and Mozambique to the east. Zimbabwe began as the British crown colony of Southern Rhodesia, created from land held by the British South Africa Company. President Robert Mugabe is the head of State and Commander in Chief of the armed forces. Morgan Tsvangirai is the Prime Minister. Mugabe has been in power since the country's internationally-recognized independence in 1980.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The currency in South Africa is the South African Rand (ZAR). The South African rand is also an accepted form of payment in Namibia.

The Namibian currency is the Namibian Dollar (NAD), which is equivalent to the South African Rand.

In Botswana, you pay with Pula (BWP).

Zimbabwe uses the US Dollar and South African Rand.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need. The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well.

For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not

rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Okavango Delta polers: 50-100 BWP (Botswana Pula)

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2023)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Trip Specific Safety

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you. Please note that the use of drones in national parks in Southern Africa is prohibited. Vital Information when you are staying the KNP or any Reserve: Please ensure that your stay is happy and safe by taking note of a few simple warnings. You will be sharing your stay with many exciting and unusual creatures but without knowledge some of them could be dangerous: Example: Bats, Spiders, Snakes, Scorpions, Malaria Zone. If you must walk around at night please DO NOT DO SO WITHOUT A TORCH. Remember: by feeding any wildlife, you are signing their death warrant as they become aggressive!

NAMIBIA: Always be alert of animals that are wandering too close to the road. Both domestic and wild animals frighten easily and can jump directly in front of the moving vehicle. If possible, avoid travelling at night. Some wildlife tends to be more active at dusk. Always be on the look-out for sandy patches, potholes and sharp bends in the road. In rainy or wet conditions beware of slippery roads, washaways, running and or stagnant water. Always have enough water (bottled) for the journey. NO matter how beautiful or gentle an animal may appear, the only safe way to look at it is from the safety of your vehicle.

ZIMBABWE: Theft, however, is rife in the bigger towns and cities. Don't walk around with things you can't do without, like your passport or airline tickets. Carry minimum amounts of cash and keep it hidden or in a money belt and if possible, don't leave your car unattended. This is less of a problem in the rural areas.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
