VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Itinerary Notes

This itinerary may need to change due to inclement weather conditions. This decision will be made solely at your skipper's discretion, based on the safety of the group and the yacht.

Important Notes

1. Space is limited on the boat and especially in your cabin. You can only take soft sided luggage on board, such as a mid-sized backpack or soft duffel bag. (Less than 15kgs)
Suitcases are not appropriate for our Sailing adventures as they are not pliable enough to fit into the niches available for luggage.
2. Fresh water is very limited on board, and as such we ask for your understanding that showers are limited to one quick shower per person a day.
3. It's important to note that the beds in the cabins are not the usual length of a standard bed. The length is approximately 1.8 meters (6 feet)
4. Electrical outlets on board are European style with 2 pins (240V), and are only operational while in port. It is recommended to bring an external battery pack for charging personal electronics.
5. This is a self-catering trip, and everybody will be expected to participate, cleaning up after themselves, and keeping the boat ship shape at all times (including washing the dishes, and emptying the bins when ashore.)
6. Physical Rating:
 - You should be able to climb up small steep ladders, or walk over a wooden plank (without a handrail) when boarding/disembarking the vessel, and be physically able to carry your luggage.
 - You will often be climbing in and out of the yachts inflatable tenders at beach landing spots, and boarding/disembarking the tender from the yacht in sometimes challenging conditions.
 - Moving around the yacht while under sail can be challenging as it moves in the waves or heels over to its side. You should be physically able, and comfortable, to move about in such conditions.

COMBO TRIP

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

Group Leader Description

A G Adventures skipper will be with the group throughout your journey. The aim of the skipper is to take the hassle out of your travels and to help you have the best trip possible, as well as taking complete charge of the sailing, your safety on board and the safety of the vessel. As this is a real sailing adventure, our skipper might also request your help on board and will be more than happy to impart some of their vast sailing knowledge during the course of the journey. Our skippers are all fully licensed with many years of experience sailing in the area. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and you can expect your skipper to have a broad general knowledge of the islands in Croatia you will visit.

Group Size Notes

Max 8.

Meals Included

No meals included

Meals

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. The above information applies to G Adventures group trips. For Independent trips please check the itinerary for details of meals included. For all trips please refer to the meals included and budget information for included meals and meal budgets.

On our Croatia sailing trip the G Adventures Skipper/CEO will help you make a food kitty, where 500 HRK (Croatian Kuna) per person, per week will be added to the kitty for small food items on board to cover breakfasts, lunches and the odd dinner.

Breakfasts and lunches are prepared by yourself, and most dinners are taken ashore at local restaurants.

Transport

16m (52 ft) sailing yacht.

About our Transportation

Our 54ft sailing boats are equipped with state of the art technology offering all travellers onboard a safe and enjoyable experience. Space is optimized – sleeping quarters are snug, meaning that more of the boat is open from everyone to enjoy. Cabins are allotted by the skipper based on the gender and traveller make-up of the group.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

4 twin/double bed cabins, 3 bathrooms, 2 showers (7 nts).

About Accommodation

A NOTE REGARDING SMALL SPACES ON SAILBOATS:

- Please note that the rooming for these boats is assigned upon arrival and neither particular cabins, nor berths can be guaranteed. You will be sharing a bunk or double bed with your travel partner or one of your fellow passengers of the same sex and sharing the bathrooms onboard.
- Please be aware that as this is a real sailboat and not a cruise vessel and the space on board is tight. The sleeping quarters on sailboats are generally kept to a minimum size in order to maximize public space and performance.
- It may be possible to smell engine and/or diesel fumes when in the cabins, due to their proximity to the engine room. Most travel is done during the day, so it is unlikely you will be in the cabin when the engine is running.
- Some people are not comfortable with the type of close quarter arrangements typically found on sailboats, however if a real sailing experience on a real sailboat is what you are after, then this experience should more than make up for cramped quarters.
- Opportunities to sleep in open air on main deck are often available.
- Please note that the skipper may also be sharing the ship's quarters and amenities with you.
- Power onboard is 220V on European 2 pin sockets. Please note that this is not suitable for sleeping aid machines, as the power source may not always be operating. Bringing a battery pack is recommended.

Detailed Trip Notes

Welcome on board! We are happy that you decided to be a guest on board our sailing yachts for your holidays. To make sure it's a real one of a kind experience, your skipper wants to give you some information about the things you'll meet on the yacht and on the trip.

No worries, we won't make you spend your precious time on too much information, simply take it as a possibility to start your adventure at home.

Brief History of Yachting

Known since the old Egyptian Empires yachts were dedicated only to the pleasure of it's passengers in the exclusivity of independence. A long time before tourism discovered the pleasure of big steamboat cruises around 100 years ago, the wealthy parts of societies enjoyed yachting in different ways: cruising the Nile, sailing the Greek Islands or enjoying huge parties on board of Caligula's yachts in a lake south of Rome.

Fortunately, technology developed allowing us the opportunity to sail the oceans in smaller yachts. Yachts of today are constructed under the rules of hydrodynamics, defining the shape of the hull, the needs of stability and comfort.

Running water and a stove were a pure luxury on board a yacht only twenty years ago, but you'll find almost everything you need on your yachts today: electricity (12V offshore and only sometimes 220V when we're moored) refrigerators, showers, hot water, music, and much more.

But never forget: a yacht always is "on a budget"; this means budgeting room and weight for mobility and stocks for ongoing comfort.

Each yacht comes with the safety gear and instrumentation required by law to assure you a safe and successful holiday.

Here are some technical terms for you to learn to help you orient yourself:

Boat

Hull: The 'body' of the boat

Keel: The stabilizing part of the hull under the waterline to prevent capsizing

Deck: Upper level of the boat

Cockpit: The area in the back where we are operating the boat

Bow: Forward area of the boat

Stern Backward area of the boat

Helm: The steering facility

Helmsman: Person at the helm, not necessarily the skipper

Starboard: Right side of the boat looking forward from aft

Port (side): Left side of the boat looking forward from aft

Rigg: All fixed equipment standing up above the deck

Mast: A massive vertical pole to fix the sails

Boom: horizontal massive pole going backward from the mast

Mainsail: sail at the rear of the mast

Foresail/Genua/

Headsail: sail in front of the mast

Fender: A sort of 'bumper' to avoid damage of the hull when moored

Winch: A sort of drum to operate loaded lines or anchor chain

Beaufort: International scale for strength of winds, starting with 0 up to 12

Operations

Manoeuvre: Changing the course of the boat or doing several operations

Tacking: Turning the bow through the wind

Gibing: Turning the stern through the wind

Round up: Turning the boat exactly into the wind to stop moving

Fetch sth.: Pulling tight a line

Ease sth.: Detaching a line

LINES

There are only "lines" on a boat, no ropes etc.

Furling lines: Used to set and take away the sails

Sheets: Used to adjust the sails during sailing

Mooring lines: Connects the yacht to the pier

Ground lines: Fixes the bow when moored 'stern too' (the pier)

KNOTS

Figure-eight knot: Belongs to the end of certain lines to avoid going by the run

Half hitch: Fixes a line somewhere, not very strong one

Clove hitch: Fixes various lines like mooring-, fender- etc.

Reef knot: Connect two lines of same size to each other

Bowline: Creates a strong and everlasting loop to a line

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

Euros (EUR) are accepted everywhere. When exchanging currency, or deciding what to bring, keep in mind that you can withdraw money from an ATM when you arrive. If you need to exchange USD for EUR, hotel exchange rates are usually quite poor, so try to avoid changing your money at your hotel. You will probably be better off changing your money in a bank or in one of numerous Bureaux de Change that you will find in towns.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Tipping

While conventions can vary from country to country, tipping is customary in Europe. A general rule is 10% of the bill for wait staff, and a smaller amount (€1 or €2) for other service providers.

Tipping is expected - though not a compulsory - component of your tour program, and an expression of satisfaction with the persons who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides. You may do this individually, or collectively and tip as a group. Recommendations for tipping local guides would range from €3-5 per day, depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture.

At the end of each trip, if you felt your G Adventures CEO did an outstanding job, tipping is expected and appreciated. The precise amount is a personal preference, however it is suggested 10EUR per person, per day can be used as a guideline.

Optional Activities

Hvar

- Hvar Fortress Visit (6EUR per person)
- Hvar Island - Starigrad to Hvar Tour (16EUR per person)

Vis

- Vis Island Military Tour (34EUR per person)

Trstenik

- Trstenik Wine tour (27EUR per person)

Mljet

- Mljet Island National Park (10-17EUR per person)
- Mljet Island Cave of Odysseus (16EUR per person)

Health

Please note: We do not have a constant power source onboard, and cannot facilitate the use of Sleep Apnea/CPAP machines. Bringing a suitable battery pack is required.

Inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

No particular health issues in Croatia, just that in some more remote islands bottled water is more recommended to drink. Just keep in mind that some heat waves are possible from June to October all over the country. People who are sensitive to seasickness should come prepared.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit, hand sanitizers / antibacterial wipes as well as any personal medical requirements.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Trip Specific Safety

Croatia is a relatively safe country if you take the same precaution you would back home in any major and/or touristy cities, use common sense and do not hesitate to ask your skipper about specific areas to avoid. Also it is recommended to carry with you only the money and documentation you need for the day. Always keep an eye on your belongings, while having a drink, at the internet cafe, waiting at the bus station.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

G Adventures Dollar-a-day Program - Make Every Day Count - Turn your travel into impact with [Planeterra Foundation](#).

Did you know? Most communities around the world do not benefit from tourism. Give back to the places you visit on your travels by creating opportunities for local people to earn an income, and protect the environment.

Make every day count by donating \$1/day for the length of your trip, and join us in empowering the communities you will visit when you travel. 100% of your donation goes directly to Planeterra projects.
