Then sit down with a local family for dinner, helping your hosts prepare a traditional Zimbabwean meal using the ingredients you picked out, and hear stories about local life and culture.

The mist off Victoria Falls can rise to a height of more than 400m (1312 ft). Local tribes used to call the falls Mosi-o-Tunya or "the smoke that thunders." Explorer and missionary David Livingstone renamed the falls after Queen Victoria when he first saw them in 1855.

**Plane**

Windhoek Hosea Kutako International Airport – Victoria Falls 3h30m

Look! Up in the sky! It's a bird! It's a plane! It's... yup, it is a plane, actually.

**Your Journeys Highlight Moment: Zimbabwean Family Dinner**

Flatter Ncube is the head of her family which includes two sisters and numerous children. She's the youngest of a family of 10 and, now in her early 40s, lives in the village she was raised in near Victoria Falls. There she takes care of her extended family on their homestead, which she and they have been proudly building by hand, brick by brick, for years. Flatter's story highlights that life isn't easy in Africa, but despite its challenges, there is much love and laughter and a strong sense of family here.

Visit Flatter's homestead in her rural village; meet her and some of her family, and walk with some of them throughout the property, among the fruit and vegetable plants the family grows for consumption. (They even plant hot chillies among the vegetables to discourage nosy elephants.) Then help the family prepare a traditional Zimbabwean dinner, which we'll all eat together outside on the property, weather permitting. Ingredients for the meal will have been hand-selected earlier in the day, at the bustling and friendly local village market.

This experience offers great insight into typical African life, and ultimately reinforce how we all really want and need the same things in life: a stable home full of love, a good education, and plenty of opportunity for our children.

### **Meals included: Breakfast | Dinner**

### **Day 11 Victoria Falls**

Set out for a tour of magnificent Victoria Falls. Scottish explorer David Livingstone named them after Britain's Queen Victoria, while their older, indigenous name is Mosi-oa-Tunya—"the smoke that thunders." Explore the breathtaking Okavango Panhandle with expert local guides. Navigate the wildlife-rich channels of the Okavango River aboard a mokoro, a traditional dugout canoe, and spot all manner of bird life on bush walks. Settle into your tent in our remote bush camp this evening. Enjoy a three-course meal around a roaring campfire while listening to the night calls of the delta.

Tonight we enjoy a unique and adventurous stay in a remote bush camp (known locally as a fly camp). Accommodation will be in simple dome tents on cots, and facilities are wash basins and out house/long drop toilette (simple but clean) which are shared amongst our group. There is no electricity and lighting in the evenings is by lantern, so please bring a flashlight. While basic, this is a once in a lifetime opportunity to immerse yourself into the wilds of Africa. Our local guides and staff add some comfortable touches, excellent food and spin some fantastic campfire stories.

The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. ## Important Notes

---

Planes used to fly into the Delta are small and weight restrictions are mandatory. For this reason luggage restrictions are 15kg per person for checked in luggage and 5kg for Hand luggage for a maximum of 20kg per person. As well, the airline requires the weight of each passenger, your CEO will collect this information from you privately, at the beginning of the trip.

### 3. COMBO TRIP

---

On this tour, you will be accompanied by a group Chief Experience Officer (CEO). All of our leaders in Southern Africa are registered and licensed tourism guides, meaning they've studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited.

As the group manager and leader, the aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places where are travelling, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

## Group Size Notes

---

Max 14, avg 13.

## Meals Included

---

20 breakfasts, 7 lunches, 15 dinners

## Meals

---

Eating is a big part of travelling. Travelling with G Adventures you experience the vast array of wonderful food that is available in Namibia & Botswana. On this tour, we provide only a few meals for you and your group members, so as to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility in your choices. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though - while in the larger centres, your CEO will be able to suggest favourite restaurants during your trip.

For the included meals, vegetarian meal requests and other dietary requirements need to be specified prior to arrival.

## Transport

---

Air-conditioned touring vehicle, 4x4, open safari vehicle, walking, boat, mokoro, plane.

## About our Transportation

## Local Flights

---

All internal flights are included in this trip.

## Solo Travellers

---

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

## Accommodation

## What to Take

---

You will be on the move a lot and the small planes used have limited luggage storage, so please pack as lightly as possible to avoid issues. Your baggage should be clearly labelled and restricted to one small soft compact sports/duffel bag, or backpack, (no hard suitcases please) weighing no more than 15kg. plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable.

The Southern Hemisphere essentially has the opposite weather to the Northern Hemisphere. The winter months of June, July and August, whilst clear and warm during the day (up to 25 degrees), can drop down to single figures and even below freezing at night. Between September and May it is considerably warmer with the time between October and March being the hottest, getting up to the high 30C and sometimes above. However it is always a dry heat and the temperature does drop at night. The wet season is between November and February, but this is not a bad time to go, as it generally does not rain for very long. We strongly recommend lots of layers to wear from the start of the day until the night. You might still need to wear a fleece jacket in the mornings, a t-shirt during the day and again the fleece jacket at sunset time. A woollen hat is also very much recommendable for the cold winter's early morning wildlife safari drives.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

Formally known as South West Africa. The whole territory became German protectorate in 1884, except for the British/Cape Colony enclave of Walvis Bay. After the First World War the territory was administered by South Africa until independence on 21 March 1990. The capital is Windhoek and the second largest town is Walvis Bay, Namibia's only port. Swakopmund is a coastal town with a German influence and revolves mainly around tourism. Namibia's economy relies on diamond mining in the south, cattle farming in the north, fishing along the coast and tourism. Most of the country is desert or semi desert. There is a population of around 1.8 million. This, around 1, 5 people per sq. km is one of the lowest in the world. The official language is English although there are many different cultures including Herero, San, Koikoi, Owambo, Afrikaans and German. Namibia was at one stage a German colony therefore having German-speaking people. About 75% of the locals are Christian and the others have traditional beliefs. Namibia is a land of contrasts. Being largely semi-desert and desert, midsummer temperatures may rise to 40°C, while winter night temperatures can drop to freezing. Along the coast it is cool, with regular morning fogs. Namibia's rain falls in summer, from October to April, and the land averages 300 days of sunshine annually.

## Money Exchange

---

The Namibian currency is the Namibian Dollar (NAD), which is equivalent to the South African Rand (ZAR). In Botswana, you pay with Pula (BWP). In Zimbabwe you can pay with either the South African Rand (ZAR), or USD.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. it is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: [www.xe.com](http://www.xe.com).

## Emergency Fund

---

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

## Tipping

---

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$7-10 USD (per day)

Driver: \$5-8 USD (per day)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

## Health

---

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

## Safety and Security

---

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

## Trip Specific Safety

---

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you.

Please note that the use of drones in national parks in Southern Africa is prohibited.

NAMIBIA: Always be alert of animals that are wandering too close to the road. Both domestic and wild animals frighten easily and can jump directly in front of the moving vehicle. If possible, avoid travelling at night. Some wildlife tends to be more active at dusk. Always be on the look-out for sandy patches, potholes and sharp bends in the road. In rainy or wet conditions beware of slippery roads, washaways, running and or stagnant water. Always have enough water (bottled) for the journey. NO matter how beautiful or gentle an animal may appear, the only safe way to look at it is from the safety of your vehicle.

Parks and Reserves: Please ensure that your stay is happy and safe by taking note of a few simple warnings. You will be sharing your stay with many exciting and unusual creatures but without knowledge some of them could be dangerous: Example: Bats, Spiders, Snakes, Scorpions, Malaria Zone. If you must walk around at night please DO NOT DO SO WITHOUT A FLASHLIGHT. Remember: by feeding any wildlife, you are signing their death warrant as they become aggressive!

## A Couple of Rules

---

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy.

Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

## Travel Insurance

---

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. G Adventures can provide you with the appropriate coverage. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
